

JOB CODE: GSH-H-PML-211201
Logistic Project Manager in Hong Kong

[APPLY HERE](#)

The company is a subsidiary of a Shanghai based regional office of a German worldwide operating project logistics provider with 30 years' experience in project logistics. They provide tailor-made transport solutions covering full responsibility from point of origin to the destination in close co-operation with our network of worldwide partners.

THE POSITION

The Project Manager's main responsibility is mainly but not limited to the following:

- To set up project plans
- To manage the project operational site/ commercial site
- To manage day-to-day business of the Hong Kong subsidiary
- To coordinate operations with subcontractors (such as terminal agent, barge operator, crane owner etc.)
- To maintain good relationships with clients, suppliers, and subcontractors
- To supervise heavy lifts on the project site
- To maintain regular meetings with the client on site
- To develop further business within the region

Depending on qualification, experience and performance, the candidate would have the opportunity to grow into an even more senior role in this subsidiary.

SKILLS REQUIRED

- Preferred candidates with at least 5 years of experience in forwarding project handling
- Ability to work independently and directly with clients and partners
- Mobility within Hong Kong, regular site/ vendor/ client visits
- Ability to grow with the challenges
- Being well organised, self-responsible, solution-oriented
- Team-player (must work with various partners, incl. Shanghai regional office team)
- Basic skills in WORD, EXCEL, POWERPOINT
- Language skills: English, Cantonese, Mandarin

The holder of this position will report directly to the management of the Shanghai regional office.
